CONTINUING EDUCATION
FOR NURSES

GOAL

By participating in this teleconference series, nurses will be educated on the concerns childhood cancer survivors face when they transition from the pediatric oncology setting to primary care and will be able to implement them into their practices.

TARGET AUDIENCE

Nurses involved in the treatment of childhood cancer survivors.

CONTACT HOURS

One (1) contact hour will be awarded per session for a total of three (3) for the completion of the series, pending approval.

This continuing nursing education activity has been submitted for approval to the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Transitioning of Care After Childhood Cancer
Teleconference Series

A free Telephone Education Series for cancer survivors,
their families and healthcare professionals.

Thursdays, 1 to 2 p.m. CT
February 28, 2008
March 20, 2008
April 24, 2008

TELECONFERENCE SCHEDULE

PART I

THURSDAY, FEB. 28, 2008 1 P.M. CT

The Transfer of Medical Care from Pediatric Oncology to Primary Care

• **Daniel Mulrooney, M.D., M.S.**

Assistant Professor of Pediatrics
Director of Long-Term Follow-up Clinic
University of Minnesota

Participants will be able to:

Identify late-effects from a diagnosis and treatment of childhood cancer.

Explain when these late-effects may occur in the life of a childhood cancer survivor.

• **Bradley Benson, M.D.**

Assistant Professor, Internal Medicine and Pediatrics
Program Director of Med/Peds Residency Program
University of Minnesota

Participants will be able to:

Identify the issues involved with the transition of care for a childhood cancer survivor.

Determine when independence occurs for childhood cancer survivors.

Explain how childhood cancer survivors can take on the responsibility of their own care.

Deadline to register for this teleconference:

Feb. 18, 2008.

There are more than **270,000**
SURVIVORS of
childhood cancer
in the U.S. today.

PART II

THURSDAY, MARCH 20, 2008, 1 P.M. CT

Fertility Issues That Impact Childhood Cancer Survivors

• **Melissa Hudson, M.D.**

Director, Cancer Survivorship Division
Co-leader, Cancer Prevention and Control Program
St. Jude Children's Research Hospital, Memphis, TN

Participants will be able to:

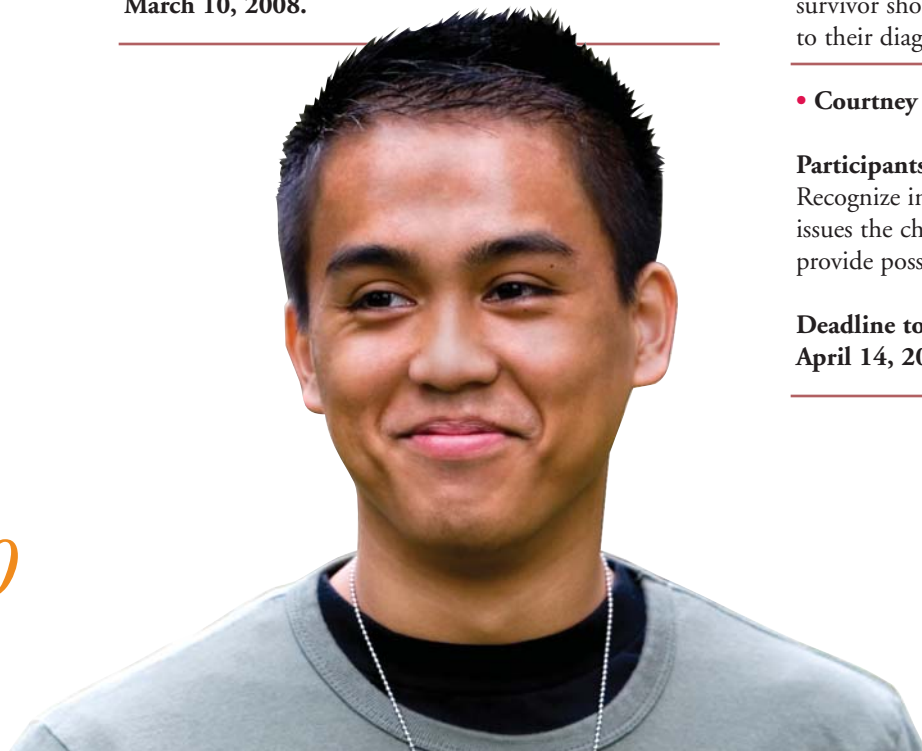

Understand how treatment may impair future fertility in childhood cancer survivors.

Identify options to reduce the likelihood of infertility and identify current and future reproductive options for survivors of childhood cancer.

Address fertility issues and the importance of continued follow-up care.

Deadline to register for this teleconference:

March 10, 2008.

PART III

THURSDAY, APRIL 24, 2008, 1 P.M. CT

Insurance Issues and Employee Benefits After Childhood Cancer

• **Patient Advocate Foundation**

Moderator: Pat Jolley, RN, Supervisor, Patient Services
Tami Lewis, RN, CCM, Senior Clinical Case Manager

Participants will be able to:

Recognize and solve potential challenges survivors of childhood cancer may face when transitioning onto their own health insurance.

• **Peggy Rochon, Senior Clinical Case Manager**

Participants will be able to:

Identify what employee benefits survivors of childhood cancer should consider when seeking employment. Differentiate between information the childhood cancer survivor should and should not disclose in regards to their diagnosis.

• **Courtney Jones, Senior Clinical Case Manager**

Participants will be able to:

Recognize insurance challenges surrounding fertility issues the childhood cancer survivor may face and provide possible solutions.

Deadline to register for this teleconference:

April 14, 2008.

THE NATIONAL
CHILDREN'S CANCER SOCIETY

IMPORTANT INFORMATION

With the growing population of childhood cancer survivors, there is an increased awareness of the life-long impact of a cancer diagnosis and treatment. As young survivors gain independence and leave home, they should be aware of how to prepare for managing their own health care. This series of teleconferences offers childhood cancer survivors, their parents and professionals the information they need to know as they transition through life.

Who should participate?

The National Children's Cancer Society has designed these teleconferences for childhood cancer survivors, parents, social workers and nurses.

Registration Deadlines

You can register for these teleconferences by phone, mail or fax.

Feb. 18 is the **DEADLINE** to register for the **Feb. 28 teleconference: *The Transfer of Medical Care from Pediatric Oncology to Primary Care.***
